

## FIGHT AGAINST CHILD LABOR

ALL CHURCHES ARE URGED TO  
TAKE ACTION.

Methodist General Conference Begins  
Warfare Against Employment of  
Children Under 16 Years in Fac-  
tories and Textile Mills.

Minneapolis, Minn., May 4.—Em-  
ployment of children under 16 years  
old in the factories and textile mills  
of the United States was denounced  
in a parody on civilization at the  
general conference of Methodist  
Episcopal church today.

To investigate charges that in "the  
textile mills alone one hundred baby  
hands are yearly lost as a sacrifice  
to the greed for wealth," and to  
formulate an appeal to all churches  
to fight for national legislation  
against child labor, a commission of  
15 ministers was ordered appointed  
whose duty it will be to go thor-  
oughly into the subject. It was an-  
nounced that the 19,000 ministers of  
the church would institute a vigorous  
warfare against what was asserted  
to be one of the greatest of modern  
evils.

Bringing the matter before the  
conference in the form of a resolu-  
tion, Henry J. Coker of Denver, Colo.,  
asked for adoption of the following:  
"That we, representatives from the  
whole earth, declare our utter con-  
demnation and most determined hos-  
tility to this shameful custom in our  
own fair America and respectfully  
urge our churches, officials in state  
and nation, both executive, judicial  
and legislative, to do their utmost  
to abolish this great evil from our  
national domain and the whole  
earth."

"In their greed for gain employers  
have in this country put about 2,500-  
000 children under 16 years of age  
in mills, mines, factories and mes-  
senger service," declared Mr. Coker.  
"Of the 80,000 children in the text-  
ile mills, we are informed that 20-  
000 are under 12 years old, and in  
these mills yearly about 100 baby  
hands are cut off by machinery. In  
the glass factories there are 7,500  
children, in saw mills 8,000 and in  
cigar factories 12,000 children handle  
cigars at the rate of eight cents  
per thousand. This is an appalling  
commentary on modern civilization.  
Who is it we hear crying on the  
street corner 'suffer the little chil-  
dren to come unto me'? It is Jesus  
Christ or the greed for gain? It is  
about time we realize the suffering  
and calamity which modern civiliza-  
tion is imposing upon the children."

Henry Wade Rogers of New Hav-  
en, Conn., had referred a resolution  
which provides for an age limit for  
children and for their retirement from  
active service when they have reach-  
ed the age of 75. The resolution al-  
so provides that the bishops may be  
"relieved from travel" when they  
reach the age of 70 if the board of  
bishops so desires. In either case  
they are permitted to choose their  
own place of residence after retire-  
ment.

Mr. Rogers declared that the sys-  
tem of retirement by the conference  
is wrong, that an age limit should  
be established as in the United States  
army.

**CORNELL LOST TRACK MEET.**  
Ithaca, N. Y., May 4.—Cornell  
lost its dual track meet with Penn-  
sylvania by a score of 49 to 69  
points to day, but the defeat was a  
glorious one, for it brought to Cor-  
nell a new record for the two-mile  
run. T. S. Berr, who set the Penn-  
sylvania record at 9 minutes, 21-5  
seconds, ran a year ago at Cambridge, Mass., ran  
the distance to day in the remark-  
able time of 9 minutes, 17-4-5 sec-  
onds. He finished a hundred yards  
ahead of McCurdy of Pennsylvania.

### DON'T WANT LEPER.

**Iowa Objects to Hirschfeld Becoming  
Citizen of State.**  
Des Moines, May 4.—Dr. G. H.  
Sumner, secretary of the Iowa Board  
of Health, today started legal pro-  
ceedings, the purpose of which is to  
prevent the state of Michigan from  
forcing upon Iowa, Herman Hirsch-  
feld, member of the city council of  
Bay City, Mich., who is thought to  
be a leper. Mr. Sumner sent word  
to the auditor of Appanoose county,  
where Hirschfeld is now isolated at  
Centerville, to notify Hirschfeld that  
he will be denied citizenship in Iowa.  
Dr. Sumner also asked the attor-  
ney general to begin a suit to compel  
Michigan to take back Hirschfeld.

### TIED WORLD'S RECORD.

Columbia, Mo., May 4.—John P.  
Nicholson tied the world's record in  
the 120-yard hurdles in an exhibi-  
tion race at the Missouri uni-  
versity today by doing the hurdles  
in 15.1. Nicholson is to try out for  
the Olympic team.

### DRAWING AND

**MANUAL TRAINING.**  
Cincinnati, Ohio, May 4.—The  
nineteenth annual convention of  
the Western Drawing and Manual  
Training association closed here to-  
day. Des Moines was named as the  
next meeting place. Miss Emma  
Church, of Chicago, was elected  
president. William H. Henderson,  
of Springfield, Ill., vice president.  
Miss Charlotte, Ulrich, of Cincinnati,  
treasurer and Matt J. Schorer, au-  
ditor.

### BIRDMAN KILLED.

Nice, May 4.—Count Robillard  
Cocnac was killed while making a  
flight here to day. A strong wind  
broke the wings of his monoplane,  
which fell 300 feet.

## ROOSEVELT SAYS BOSSES OPPOSE HIM

CHARGES THAT POLITICIANS IN  
BOTH PARTIES HAVE COMBIN-  
ED FOR HIS DEFEAT.

For President in Maryland Speeches  
Makes Appeal to the "Plain Peo-  
ple"—Says All Federal Office  
Holders Have Orders to Work  
Against Him.

Cumberland, Md., May 4.—  
"Bosses" in the Democratic party  
and in the Republican party, Col.  
Roosevelt charged to day, have com-  
bined to defeat him. He asserted  
that Democratic "bosses" foresee  
their own downfall if he should  
win. It was the last day of Col.  
Roosevelt's Maryland campaign, the  
final shot of which was fired here  
to day. The colonel made a num-  
ber of speeches as he traveled  
across the state and in Cumberland  
to night he spoke his last appeal  
for support in the primaries Mon-  
day. From Cumberland he started  
back for Oyster Bay for a week's  
rest.

For the most part Col. Roosevelt  
talked in the same vein as he did  
in his speeches yesterday.

Appealed to Plain People.  
He appealed for support to the  
"plain people," both Democrats  
and Republicans, telling them it was  
the people against the bosses and  
that if they did not drive the bosses  
out of power they must expect to  
get the worst of the bargain.

The day's run began at Baltimore,  
where Col. Roosevelt spoke last  
night. The colonel made speeches  
at Westminster, Frederick, Hager-  
stown, Hancock and Cumberland.

In one of his speeches Mr. Roose-  
velt said:

"The federal office holders have  
had their orders to work against  
me and do everything they can to  
defeat me. Isn't that so?"

"They're doing it here," a man  
called out.

When the crowd had finished  
shouting the colonel continued:  
"Exactly, I knew it. It is the  
same from the Atlantic to the Pa-  
cific, all over the country."

### AUTOMOBILE RACES

Tetzlaff Made New Record in Free  
for All at Santa Monica—Aver-  
aged 78.50 Miles an Hour.

Santa Monica, Cal., May 4.—Tetz-  
laff won the free for all race at the  
automobile meet here to day, aver-  
aging 78.50 miles an hour, a new  
world's record. His time was  
3:48:42 for the 303 miles.

The Maxwell car, driven by  
George Joergman, won the light car  
race in the annual Santa Monica  
race today and broke the  
American record. Time for the  
101 miles was 1:37:57. The for-  
mer record was 1:42:21 made by  
Louis Nickrent in a Buick on the  
same track in 1910. A Flanders,  
driven by Evans, was second and  
the Flanders driven by Towers  
finished third.

Ralph DePalma driving a Mercer,  
in the medium car event, made the  
151 miles in 1:30 minutes, 43 sec-  
onds, an average of 69.54 miles an  
hour. A new American record.

Joe Nickrent in a Case and  
Disbrow in another Case, were sec-  
ond and third respectively.

**Dashed Into Ditch.**  
Santa Monica, Cal., May 4.—In  
his fifth lap, Barney Oldfield's huge  
Piat threw a tire at the Soldiers  
Pier and its splintered rim struck  
him, a spectator, a glancing blow  
but did not injure him. Again Old-  
field, going 100 miles an hour  
dashed into the ditch, but the dar-  
ing driver once more escaped un-  
harm, though this accident and the  
breaking of a front axle spring  
earlier in the race put him out of  
the running.

Tetzlaff drove a beautiful race,  
taking the lead in the second round.  
He was never headed. Lap after  
lap was reeled off at the rate of  
more than 100 miles an hour on  
the straightaways. Only twice did  
he stop for tire trouble.  
Experts declared that never be-  
fore had they witnessed such bursts  
of speed. In the last ten laps sev-  
eral of the cars made a speed far  
in excess of 100 miles an hour.  
Bruce Brown in his Benz had the  
honor of turning of the fastest lap  
of the 4.47 miles course, making  
his lap in 55:27:25, or at an average  
speed of 93 miles an hour. To do this, Brown  
must have made 125 miles an hour on  
the straightway. Cal Bragg, the  
young Pasadena millionaire, made  
several laps in better than 90 miles  
an hour.

### NAVAL CADETS WON RACE.

Annapolis, Md., May 4.—Taking  
the lead from the start and never  
allowing their opponents a yard of  
advantage the naval academy's vari-  
ety eight administered a defeat to  
day to the oarsmen of the Uni-  
versity of Pennsylvania. The mid-  
shipmen won by more than five  
lengths over the two mile out-  
course on the Severn river. Their  
time was 10 minutes, 22 seconds,  
while that of the losers were 17  
seconds later.

### TEXAS PRIMARY RETURNS.

Dallas, Texas, May 4.—Returns  
received up to 1:30 this morning of  
precinct conventions assures Wilson  
296 votes in the state convention,  
Harmon 83 and Clark 26; necessary  
to control state Democratic con-  
vention 312. Latest returns from the  
Republican conventions give Taft 38  
and Roosevelt 37 convention votes.

## GRILL PROPOSED FOR ARCHBALD

HOUSE ORDERS INVESTIGATION  
OF COMMERCE COURT JUDGE.

Inquiry Will Be Made as to Whether  
He Can Be Impeached for Alleged  
Use of His Office to Secure Rail-  
road Favors.

Washington, May 4.—The house  
to day ordered an investigation of  
the conduct of Judge Robert W.  
Archbald of the commerce court, to  
determine whether or not he should  
be impeached on charges that he  
has used his office to procure fa-  
vors from railroads. The inquiry  
will be made by the committee on  
judiciary which is charged by res-  
olution to investigate whether  
an "impeachment offense" and to  
report its conclusions and recom-  
mendations to the house. This ac-  
tion followed the receipt by the  
house of a message from President  
Taft responding to a resolution  
adopted several days ago and the  
submission to the judiciary com-  
mittee of the result of its investi-  
gation of the charges.

The president said the allegations  
were brought to his attention by  
state commerce commission in Febr-  
uary. He instructed the attorney  
general to make an investigation  
and place the charges before the  
judiciary committee of they were  
"established sufficiently to justify  
proceeding on them." As a result  
of a careful inquiry, it was the  
judgment of the attorney general  
that the papers in the case should  
be transmitted to the committee  
as a basis for further investigation.

Acting on the message of the  
president and the report of the at-  
torney general, Chairman Clayton,  
of the judiciary committee consult-  
ed the leader of the house and his  
colleagues on the committee with  
the result that he introduced be-  
fore the close of the day a res-  
olution authorizing the inquiry. The  
resolution was adopted unanimo-  
usly. Immediately upon its passage,  
Mr. Clayton issued subpoenas for  
a number of witnesses. He de-  
clined to state who would be call-  
ed. The judiciary committee will  
meet Tuesday for an exhaustive ex-  
amination of the papers submitted  
by the attorney general. Not since  
the case of Judge Swayne of Phila-  
delphia was heard by the senate has  
a United States judge been the sub-  
ject of inquiry by a committee of  
congress.

### KILLED BY FALLING WALL.

Toronto, May 4.—The south wall  
of a five story building recently con-  
structed for the William Neilson  
company, limited, buckled and fell  
today, burying a score of employees.  
Two persons, a man and a woman,  
were killed and nine others seriously  
injured.

### Many Employees in Building.

There were upwards of 250 em-  
ployees in the building, a large num-  
ber of whom were working on the  
top floor. When the alarm was  
given employees rushed for exits. The  
wall caved in and the floors gave  
away with a crash, carrying down the  
struggling mass of men and women  
and with them heavy machinery.  
Two of the victims were pinned  
underneath massive machines for the  
manufacture of chocolate, the firm's  
property. One of them, Mrs. Eva  
Anderson, died before she could be  
extricated.

### COLONEL ASTOR'S FUNERAL.

Body of Titanic Victim Laid to Rest  
in Trinity Cemetery.

New York, May 4.—Funeral ser-  
vices over the body of Col. John Ja-  
cob Astor, one of the victims of the  
Titanic, was performed today in the  
little Episcopal church of the Messia-  
ch at Rhinecliff-on-the-Hudson. The  
Rev. Dr. Sanders, rector of the  
church, officiated, assisted by Rev. Dr.  
W. T. Manning, rector of Trinity, New  
York. Mrs. Madeleine Force Astor,  
the young widow, relatives and  
friends of Col. Astor, residents of  
Rhinecliff and employees of Col. As-  
tor, were present and instantly killed  
this morning while battling with a  
burglar in his home.

The burglar locked Mrs. Reuter in  
a room and in a scuffle with Reuter  
shot him twice in the head, and es-  
caped.

Reuter was prominent and he came  
here five years ago from Peoria, Ill.

### CARTHAGE WON MEET.

Keokuk, Ia., May 4.—Carthage,  
Ill., won the fifth annual tri-state  
track meet today, scoring 19 points.  
White Hall was second with 18 1-3  
points and Iowa City third with 15  
points.

### CLIMBING AT PEARL.

Pearl, May 4.—A climbing sub-  
merged this town tonight. Many  
houses were washed from their founda-  
tions and the property loss was  
large. All residents escaped to the  
higher ground.

### CLINTON MANAGER.

Moonington, Ill., May 4.—Fred  
Donovan, a veteran Three Bye  
catcher, was to night selected man-  
ager of the Clinton team in the Illi-  
nois-Missouri league.

### OVERCOME BY GAS.

Chicago, May 4.—A man believed  
to be James Hickox, 1124 Fourth  
avenue, Moline, was found overcome  
by gas in a west side rooming house  
May 1, died at St. Luke's hospital to-  
day.

### BIRTH RECORD.

Born, Saturday night, to Mr. and  
Mrs. Fred Day, a daughter, Lucile  
Ruth.

### SATURDAY IN CONGRESS.

Senate.  
Met at 11:15 a. m.  
Resumed debate on workmen's  
compensation bill.  
Recessed at 5:19 p. m. until 11  
a. m. Monday.

### House.

Met at 11 a. m.  
Resumed consideration of leg-  
islative, executive and judicial  
appropriation bill.  
Adopted resolution ordering in-  
vestigation into relations of navy  
department with United States  
corporation.  
Representative Garner, before  
immigration committee, urged  
root amendment to immigration  
law by which Mexican revolution-  
ists would be barred.  
Adjourned at 5:17 until noon  
Monday.

## CONTRACT LET FOR I. O. O. F. HOME

Bid of Vasconcellos & Sons Is Ac-  
cepted—Work on East State Street  
Building to Begin at Once.

At a meeting of the trustees and  
members of the building committee  
of Elhi lodge No. 1, I. O. O. F., held  
Saturday night in the office of C. W.  
Buckingham, the contract for re-  
modeling the Old Fellows' building  
on East State street was awarded to  
Joshua Vasconcellos & Sons, the  
amount of their bid being \$81,962.  
Work on the building will be com-  
menced immediately and it is ex-  
pected to be ready for occupancy  
about October 1. An entire new  
front of light stone colored brick  
will be put in and the trimmings will  
be in white stone. Three separate  
store rooms will be made on the first  
floor, the fronts will be modern and  
the vestibule entrances will be of tile.  
From the bottom of the windows of  
the store rooms to the foundation will  
be white marble. The second  
floor to the front will be the lodge  
room proper and back of the lodge  
room will be a large banquet hall.  
East of the lodge room will be lo-  
cated the parlour, ante-room and  
dressing rooms and the whole build-  
ing will present a very artistic ap-  
pearance when completed. The plans  
were drawn up by C. W. Buckingham  
and at present Mr. Buckingham is  
engaged in drawing up plans for the  
remodeling of the warehouse of  
Elhi lodge on East State street. Ac-  
cording to the plans now under way  
the building, similar to that being used  
on the Old Fellows' building will be  
used.

This is the first home that has  
been owned in Jacksonville by a frat-  
ernal organization and when com-  
pleted it will be one of the finest, if  
not the finest, lodge quarters in the  
state. Everything in connection with  
the remodeling of the building and  
the equipment of the lodge rooms  
will be on an elaborate scale and the  
members will have every reason to  
feel proud of their new lodge quar-  
ters. The contract was signed by the  
members of the building committee  
and the trustees of Elhi lodge. The  
building committee is composed of  
Matthew Minter, chairman; F. E. Mc-  
Dougal, secretary; T. S. Martin, Arthur  
Cobb and Thomas Hughes. The trustees  
are J. B. Williamson, chairman;  
T. S. Martin, secretary, Arthur  
Cobb, Albert Phillips and P. G. Stein.

### FIELD ATHLETIC MEET.

Hillview Won Victory in Greene  
County High School Events.  
White Hall, Ill., May 4.—Hillview,  
with a total of 49½ points, won the  
fourth annual meet of the Greene  
County Two-year High School asso-  
ciation, which was held at Morrow  
amusement park here today. Sec-  
ond place was won by Kane, third  
by Patterson and fourth by Rock-  
bridge. The contest commenced at  
1 o'clock this afternoon and until  
the close of the program enthusiasm  
ran high. At the close of the pro-  
gram the winning team was greeted  
with yells of approval from its  
boosters.

### FORMER ILLINOISAN KILLED.

Tulsa, Okla., May 5.—Charles T.  
Reuter, a prominent attorney of  
Tulsa, was shot and instantly killed  
this morning while battling with a  
burglar in his home.

### REPUBLICAN REBEL IN VAIN WHEN

Debate Is Cut Off on Executive  
and Judicial Appropriation Meas-  
ure—Will Cut Salary of Presi-  
dential Secretary.

Washington, May 4.—Invoking,  
by a vote of 139 to 101, a drastic  
"gag" rule that virtually shut off  
protracted debate and made ob-  
jections to many sections of the bill  
impossible, the house to day put an  
end to obstructive tactics in the  
consideration of the legislative ex-  
ecutive and judicial appropriation  
measure.

The Republican side of the  
chamber rebelled against the  
resolution invoking the rule, char-  
acterizing it as "rank cowardice,"  
and denouncing the action as at-  
tempting legislation by coercion.  
The Democratic steam-roller, how-  
ever, ran over the objectors.

### AS SHARP, FIGHT WAS MADE AGAINST

the reduction of the salary of the  
secretary to the president, contem-  
plated by the bill. As framed the  
salary was cut from \$7,500 to \$6,-  
000, to take effect March 4 next.

### SUFFRAGISTS PARADE.

New York, May 4.—The prom-  
ise of women suffrage leaders to eclipse  
all previous demonstrations for their  
cause was fulfilled to day when nearly  
10,000 persons paraded up Fifth  
avenue under suffrage banners. Hun-  
dreds of persons looked on from win-  
dows and balconies along the avenue  
and the sidewalks were so crowded  
the entire route that the munda-  
ment were unable to keep the spec-  
tators within bounds.

### MEMORY HAS RETURNED.

Starting Developments are Promised  
in Kimmel Case.  
Chicago, May 4.—Memory returned  
to day to man who claims to be  
George Kimmel, according to surge-  
ons who operated on the man's head  
a few days ago.

## NEW SITUATION IN MEXICO

EMILIO GOMEZ SWORN IN AS PRO-  
VISIONAL PRESIDENT.

Great Secrecy Characterized Cere-  
monies—Juarez Is Now Provisional  
Capital—New Official Says His On-  
ly Object Is Peace.

El Paso, Texas, May 4.—Emilio  
Vasquez Gomez, a Mexican lawyer,  
was proclaimed provisional president of  
day by proclamation of General  
Pascual Orozco, now at the front  
with the rebel troops of Mexico  
threatening the federal base at  
Torreon. Juarez is now the provision-  
al capital of Mexico, but this  
probably will be shifted to Cuernavaca.  
The inauguration of the new pro-  
visional chief executive was ac-  
companied with much secrecy, and  
was determined upon, it is said,  
chiefly for what effect it might have  
upon the United States. The rebels  
hope that now they may succeed in  
having their belligerency recognized.

The Madero government detested  
arrival last night and the Mexican  
consul, Senor Llorca, protested to the  
local police and to L. A. Ross, chief  
of the secret agents of the de-  
partment of justice here that he  
should be arrested on the ground  
that he was aiding and abetting on  
United States soil a revolution  
against a friendly power.

Gomez went to the police station  
last night but at the crisis it was  
found that no evidence existed  
against him. The prospective pro-  
visional president, thereupon, repaired  
to an obscure hotel where he spent  
tonight in peace. That he was not  
quite certain of the United States  
authorities was shown today in the  
method he used in getting into Juarez.  
He did not utilize either of the  
commonly used bridges where sol-  
diers were on guard, but proceeded  
to the smaller bridge, a mile west  
of the city proper.

An automobile was waiting and  
he was driven rapidly back to  
Juarez.

After being sworn in, Gomez is-  
sued a statement, declaring his only  
object in accepting the provisional  
presidency was to establish peace  
through the success of the revolution.

### REMOVED.

John K. Long has moved his print-  
ing office to 213 West Morgan street,  
a few doors west of the corner of  
square, where he will be pleased to  
see all his old friends and many new  
ones. Illinois phone 400.

### FLOOD REPORT.

Washington, May 4.—The de-  
partment in a summary of the situa-  
tion of the lower Mississippi valley  
says in part:

"A stream of water six feet deep  
and 700 feet wide is pouring through  
the crevice at Torras at the rate of  
fourteen miles an hour, yet the river  
continues to rise.

"At Cairo the water has risen to  
49 feet, a slight decline is reported  
in the vicinity of Helena, while con-  
ditions at Memphis remain unchanged.  
A slight fall is reported by  
Major Woodruff in the flood area  
north of Greenville and in the lower  
Yazoo districts, but the effect of re-  
cent rains in the drainage basin south  
will be felt and no hope for better  
conditions along the lower Missis-  
sippi is looked for."

## DENEEN MAY CLASH WITH ASSEMBLY

LEGISLATIVE LEADERS LIKELY  
TO SEEK TO CONTINUE SESSION

Purpose Would Be to Defer Adjourn-  
ment Until After Action Is Taken  
by Senate in Lorimer Case—Gov-  
ernor's Opponents Do Not Want to  
Run Possible Chance of His Hav-  
ing Right to Appoint a Senator.

Chicago, May 4.—Another clash  
between Governor Deneen and the  
general assembly over the question  
of adjournment is in prospect. It was  
said here today, if legislative leaders  
carry out the plan to continue in  
session until action is taken in the  
Lorimer case in Washington.

Governor Deneen prorogued the  
legislature last winter when its lead-  
ers made up their minds to continue  
the water way special session indef-  
initely by taking a recess from time  
to time. The same situation may  
arise during the "double" special ses-  
sion which reconvenes on Wednesday  
day next. It is estimated that the  
legislature can finish the work con-  
fronting special sessions Nos. 2 and  
3 within three weeks. If final ad-  
journment were taken at that time  
the Lorimer case probably would not  
have been disposed of and if Senator  
Lorimer should be expelled from the  
federal senate shortly thereafter Gov.  
Deneen would be obliged to appoint his  
successor. Gov. Deneen's opponents  
in the legislature are anxious that  
the state executive should not have  
possible appointment of a United  
States senator. Consequently it  
seems probable that delay by recess-  
es will be sought.

### THE EMPORIUM.

A PLEASANT HOME.  
One of the pleasant and hospitable homes of the county is that of Mr. and Mrs. George Cockin, a mile east of Alexander. Mr. Cockin manages to run along with a little garden patch of 640 acres, a good part of which he has acquired by frugality, honorable and wise management and industry, assisted by an excellent helpmeet in every respect, a helpmeet he purloined from Jacksonville, though we will not bear him any grudge on that account.

### HAIR STORM AT VIRGINIA.

A hair storm was taken place Friday afternoon at Virginia. No particular damage, however, was done.

## Pleasing The Whole Family

Each member of the whole family who drinks coffee will be pleased and satisfied if one of the Roberts Blends is used on your table.

### THE PERFECT BLENDS

Blend No. 1—Listen, Roberts' Blend No. 1 Roast Coffee makes 50 per cent more liquor than the mild, cheap characterless coffees, and Oh! such liquor. Price only 45 cents per pound.

Blend No. 2—We consider this blend the most pleasing flavor and the greatest strength that is possible to produce for the price. A perfect blend and only 40 cents per pound.

Blend No. 3—Much like our Blend No. 2, a fine, rich coffee and one that pleases coffee lovers. Always the same and one of our best sellers. Price, only 37½ cents.

Blend No. 4—A very satisfying flavored coffee. Large handsome beans and very rich cup quality. Our Big Leader. This blend we recommend to coffee lovers for a universal satisfying cup of good coffee. Price only 35 cents per pound.

Blend No. 5—Beautiful, large, handsome bean and very rich in cup quality. Another of our big leaders. Price only three pounds for \$1.00.

BLEND NO. 6—OUR CHEAPEST COFFEE (BUT BY NO MEANS IS IT THE CHEAPEST COFFEE TO BE HAD). BLEND NO. 6 IS A TRUE BLEND OF OLD CROP COFFEE, A COFFEE SMOOTH AND RICH IN FLAVOR, A COFFEE BOUGHT EARLY AND SOLD ACCORDINGLY. OUR BIGGEST SELLER. PRICE ONLY 28 CENTS.

### Certain Satisfaction Follows The Use of Sleepy Eye Flour.

If you read the daily papers you know that the wheat and flour market is advancing steadily. Present prices cannot remain long on Sleepy Eye flour so get in an order today. Sleepy Eye represents the last word in flour manufacture. The old prices still obtain.

### A SHIPWRECK EXPERIENCE.

The Ashland Sentinel has an interesting story of one of its prominent citizens, Silas Hexter, and the following is an extract:

In crossing the ocean the steamship on which Mr. Hexter had taken passage, the Schiller, ran on a rock off of the Scilly Islands on May 8, one of the English possessions, during a heavy fog, sinking in many fathoms of water. There were 380 passengers on board and all perished but Mr. Hexter and thirteen others, one woman, a resident of Davenport, Ia., being the only woman saved. He was driven twice from a lifeboat before being successful in leaving the sinking vessel, once under a threat that if he refused to let go of the ropes his hands would be cut from his arms. His third attempt was more successful and the life boat that he got into was the only one that succeeded in reaching shore and only then after being adrift for eleven hours.

Mr. Hexter has in his possession a small silver watch that he had at the time and the only thing that he saved, and although it has no value, money could not buy it, being kept as a keepsake of that memorable night of May 8, 1875. Ninety bodies were picked up floating upon the water during the next day and taken to shore, where they were given a Christian burial.

### EIGHTH GRADE GRADUATES.

The eighth grade graduating exercises of the Franklin schools will be held Thursday evening, May 18, and the following are those who will receive diplomas:

Winifred Keplinger, Vivian Reinbach, Sidelia Hobbs, Dorthene Jolly, Kultima Whitlock, Allan Keplinger, Allen Stewart, Harold Brown and Fred Tribble, Miss Beulah Cumming has charge of this department of the school.

Prices are high now for corn, oats, hay and all other products of the farm. Why not own a piece of land? It would make you money and grow more valuable with passing years. I have some attractive farm bargains.

It is a fact that **HIGH QUALITY** is an asset here, not simply an advertising theme. The knowledge that when you buy you need not be uncertain as to the merits of the merchandise is valuable knowledge. There is no risk in choosing where everything is good. The only question for you is, how much to pay. Everything in this store is as good quality as we can get. We try to maintain the quality in our service as in our goods. We aim to give more value for your money than anybody else. Your call will be appreciated.

# BETTER HURRY

In the name of all that's good, beautiful and to be desired, give us your attention while we whisper a bargain story in your ear.

## 85c and \$1 Silks on Sale This Week for Only 69cc Per Yard

A lucky purchase puts us into possession of a large quantity of silks ordinarily retailing for 85c and \$1 per yard on a basis whereby we can pass them on to you at the one price of 69c per yard. It's an opportunity as rare as angels' visits and as scarce as radium—conclusive proof of this store's buying supremacy. All new patterns, never before offered for sale in the city—and as pretty a lot as you ever gazed upon. The color range includes greys, navy, Copenhagen blue and tans, all fashionable colors. To this special purchase lot we have added a number of patterns from our regular stock of Cheney Bros. water-spot-proof Foulards. This will be the Silk sale of the season. There can be no doubt about this. Thus we urge you to hurry and make your choice if you want to own a new silk dress at a very low price. We state candidly that we never made a purchase of silks which we considered a bigger bargain, and we also state just as candidly that we fully expect the whole lot to be disposed of in a few days. Our last word to you is "hurry."

The condition of the city's finances when the present officers went into power was such that they have found themselves considerably hampered and so a large part of their duties thus far has been along the line of endeavoring to hold down expenses and come as nearly as possible making the revenue available meet the expenses. While as suggested above the present officials have not been in power long enough to entitle them to serious condemnation or to marked commendation, yet they can not be criticised for a disposition or an unwillingness to neglect the affairs of the city or account of personal matters. Mayor Davis, Commissioners Knollenberg and Newman have offices in the city building and devote practically all their time to the affairs of Jacksonville. While Mr. Brown and Mr. Engel do not have offices at the city building they are frequently there and no one has charged them with neglecting city affairs to attend to the private business that each conducts.

The article in last Sunday's Tribune written by Oscar E. Hewitt, a special correspondent, with reference to the situation of Jacksonville's water supply, has called forth a good deal of discussion and comment locally. However, the matter does not seem to have attracted particular notice in the press of the state and the Journal has not noticed any comment upon the situation in other papers. There is no use denying the fact that the Tribune article had a lot of truth in it about the water situation in Jacksonville. There were some inaccuracies in the article and some misstatements occasioned no doubt by the haste with which it was prepared, rather than by any intention on the part of the writer to falsify. The worst feature of the article was the head lines, which made it appear that the health conditions in Jacksonville are very bad and that an epidemic of typhoid fever was under way. While the article set forth certain possibilities of ill-health which might follow unless water supply conditions were improved the subject matter did not justify the head lines. The people who live in Jacksonville, and the people who know about Jacksonville, realize that possibly above all else it is a city of homes, a good place to live. While every man and woman here is proud of Jacksonville, the vast majority realize that it could be made a better place for its people if the water question could be brought to a safe and sane conclusion.

### MUNICIPAL AFFAIRS.

It is now just about a year since the commission form of government was introduced into the city of Jacksonville and the present city officials took charge of affairs. The mayor and commissioners were elected for four years and so only one-fourth of their term has expired. It is therefore not reasonable to expect that they have accomplished all that they hope to accomplish during their term of office or that they have inaugurated all plans that they expect to inaugurate. In other words, the city officials are not yet in position where they could reasonably be condemned for alleged sins of omission or sins of commission. Nor are they yet far enough along to "point with pride" to the achievements of their administration.

However, the commission form of government has been in force long enough to give the people of Jacksonville a very fair idea of its advantages and disadvantages. The feeling seems to be general in Jacksonville that the commission form is an improvement over the old form, that it is a step or possibly several steps in advance of the old system. Centralization of power is one of the things which can certainly be claimed for the system and there are certain advantages which follow along with the centralization idea. Under the present plan every city official must feel his responsibility to the people as a whole far more greatly than was true under the old plan. To begin with the salary of each official is such that he can reasonably be expected, and in fact the law requires, that he shall give to the city the very best service that he is able to perform. Centralization of power fixes responsibility and the citizen of Jacksonville who is today dissatisfied with any branch of city government, who does not like the way any particular thing is being managed, has no difficulty in finding out just who should be charged with the alleged error or inefficiency. This fact must inevitably result in increasing the feeling of responsibility which every city official has.

So far as Illinois is concerned government of cities by commission is yet an experiment. Other states have been trying out the system for a number of years and in most cases with success, although the experience of some cities has gone to show that after all, good government and bad government, is not so much a question of methods as it is of men. In other words it has been shown in a number of instances that corruptness and inefficiency can flourish and prosper just as well under the commission form system as under any other if the right kind of men for such purposes happen to get in control. In fact a group of corrupt men having the powers and authority granted them under the commission form of government is in a position to accomplish corrupt things with greater ease and with less likelihood of detection, than would have been possible under the old system.

Thus far the officials of Jacksonville have shown a commendable tendency toward economy and any one who keeps in mind the things done by the city will have the opinion that the purchases are now being scrutinized with far greater care than in the past. The requisition system which has been installed, the plan of having purchases made through the commissioner of accounts and finances, has its advantages. No doubt for some reasons each commissioner would prefer to buy whatever he thinks best for his department, but as a business proposition it seems reasonable that the purchasing can be done to advantage through one department. A city is a corporation and in nearly all respects the plans of management which apply to business of any corporation will apply to city affairs. Down in Delaware there is a city which is managed simply as a business corporation and while there is a board of trustees or aldermen, they have engaged the services of a general manager for the city at a salary of \$3,500. This general manager transacts the general business of the city just as a man in the same capacity would transact the business of any other corporation. True this plan vests a vast amount of power and authority in one man, but providing that man is capable and honest and transacts the business of the city as he would the affairs of an important business corporation, the

When the Tribune writer said that Jacksonville water supply was bad and not healthful, he told the truth. During recent months the supply has been even worse than it usually is at this time of the year and the reason lies in the fact that the condition of the garage reservoir is such that it could not be used and that it has been necessary therefore to pump directly into the mains. To have pumped from the Widenham & Daub wells would have entailed an expense at approximately \$50 a day and based on experience there was no reason to believe that the entire city supply could be secured from these wells. Therefore, water would have been pumped from the creek and mixed with the Widenham & Daub well water and the combination would have been little better than the muddy stuff we have been having during recent weeks. It is to be hoped that now that settled weather is here that the city officials will take whatever steps are necessary to repair and put in condition the reservoir so that water can be pumped there and allowed to settle. One of the errors in the Tribune article was a suggestion that a good many Jacksonville people drink the water from the city mains and are thus endangering their health. The fact is that the water has been so bad for some months that no citizen, with his eyes open, would dare take even a sip.

But for the sake of possible argument, grant that the Tribune article is slanderous upon Jacksonville, yet as good so often comes out of evil--so this article will have accomplished a great good if as a result the people of Jacksonville are so stirred that some solution of the water question is the more speedily reached.

Without going into an argument about the relative merits of a water supply obtained from the Widenham & Daub wells, or from the wells of the Jacksonville Water Co., there are many people who have a feeling that the water question should be settled in some way, although they are not certain just how the final solution can be reached. They realize that from the fact that the affairs of the Jacksonville Water Co. and the city are now in the courts that it is uncertain just what could be done as between the city and the company.

One man, who is a firm believer in the supply which the water company has and who has no faith in the quality or the quantity of the water produced from the Widenham & Daub wells, thinks that the water question is merely a matter of a company having something to sell to the city which the city wants, and should have. This man in his argument makes no reference to the old franchise granted the water company, conditions of which were not met. He says in other words: "Let's forget all about the past, what Jacksonville needs is a good supply of pure water. I believe that the Jacksonville Water Co. has such a supply, and so to me the situation looks simple enough. I advocate the plan of the city selling to the company, now we want to buy a certain quantity of water for a period of years--say three or five, at what rate can you sell us this water? My plan would be for the city to maintain control of its pumping station mains, and in fact of its entire system, but simply to make some arrangement with the water company for buying the water at a reasonable rate and then selling to consumers just as is done now. In that event the litigation which is now pending would be held up in court and the rights of neither the city, nor the company would be jeopardized. How-

ever, I must admit that my plan supposes that the water company would be willing to enter into such an arrangement in order to secure the opportunity to show that it can supply the city permanently and with water of good quality. I do not know whether the company would, or would not, consider such a plan. If the Tribune article gets people into a state of mind from which they demand that the water question be settled "right" whatever way that may be, then the article has accomplished good.

## As "Ed" Howe Sees Life

If you patiently do your work the best you can, and worry and fret as little as possible, a great many good things will come your way when you least expect it.

A conceited man often says the people should appreciate something he has done, for which no appreciation is due. People are usually appreciative when they actually have reason to be.

The first time a boy smokes in the presence of his parents is almost as great an event as when his sister's first beau calls at the house.

As a rule, it is easier to do things than it is to put them off; if you are a pretty decent fellow, it worries you horribly to neglect duties.

## ILLINOIS COLLEGE NOTES.

Dr. Julian M. Sturtevant, an alumnus of the class of 1854 and oldest son of one of the founders of the college, will speak at the chapel exercises Tuesday morning. Dr. Sturtevant comes as one of the speakers on the Rev. George L. Roberts Foundation. The subject of his address has not been announced. Friends will be welcome to the exercises which occur at 9:45.

The faculty at its recent monthly meeting granted the request of the seniors for the senior vacation, beginning May 20, upon the understanding that individual instructors may hold seniors in their classes long enough to complete the work of the semester.

This year will be the fiftieth anniversary of the Class of 1862 and the twenty-fifth anniversary of the Class of 1887. Some effort is being made to bring about a reunion of these classes.

Several requests for recommendation of teachers to good high school positions have been received at the president's office.

Miss Elizabeth Lee of the Human School of Folk Dancing in Chicago, who has been training the students for the Elizabethan Fete was a guest at the home of President and Mrs. Rammekamp.

Dr. C. O. Harris of the department of Greek and Latin was a visitor in St. Louis Tuesday.

The Elizabethan Fete of this year

promises to be more successful than ever. The date of Wednesday afternoon, May 15, has been fixed for the event.

## GOOD HEALTH

How To Keep It

How To Get It Back

In this column we will discuss Health and Disease and questions of general interest will be answered by responsible members of the regular medical profession. Those not proper for publication will be answered by mail if accompanied by addressed and stamped envelope, provided they do not relate to a disease from which the patient is then suffering. For such diagnosis and advice as to treatment consult your family physician.

## Food Tonics.

How much of virtue is there in the preparations advertised as food tonics?

Generally there is little value to this "combination of food and medicine. When you think you are in need of a tonic you would better have your case looked into by someone competent to make an accurate diagnosis and the proper treatment tonic or otherwise adapted to your case will naturally suggest itself.

Most of the especially prepared foods, "food tonics" and proprietary remedies have been carefully analyzed. Reports of these examinations are available to your family physician who will, no doubt, be glad to inform you as to the real composition and curative value of any preparation you may contemplate taking.

## One Death.

What do sanitarians and statisticians give as the average cost to society of one death from typhoid fever?

Answer: Irving Fisher gives the average money loss from a preventable death as \$1,700. Hazen has proved that for every death from typhoid fever three others die from causes associated with typhoid—\$5,100. The average cost and loss of illness with this disease is estimated at \$300 and of seventeen sick one dies, giving a cost and loss from sickness of \$4,800. Adding these sums together we have \$10,600 as society's apparent loss and cost for each death from typhoid fever.

## Inflammation.

It used to be thought and taught that inflammation was a necessary part of the healing of a wound. This is not true. The quickest, smoothest and strongest healing of a wound is one where there is no inflammation. Inflammation is always caused by germs or minute vegetable organisms which get into the wound and grow there. These germs live upon the body cells and the "matter" is the result of this unnatural growth. At our hospitals any day one can see wounds made of surgeons under conditions where no germs get into the wounds. Such wounds do not get angry looking and do not have matter in them. They do not require dressing and are free from pain and swelling. By applying clean

(sterilized) dressings to accidental wounds many of them will heal without inflammation. The first thing which touches a wound determines whether it will have inflammation or not. For this reason many railroads, shops and factories supply clean dressings. A wound kept surgically clean heals in a much shorter time and with less danger to limb or life than one which is allowed to become inflamed—that is infected.

## Carry the Stretcher.

In transporting a disabled person upon a stretcher there are certain rules to be observed for the comfort and safety of the patient. The patient should lie upon the stretcher with the feet pointing in the direction to be traveled. If a person is faint or suffering from shock or collapse, have the head lower than the feet.

Always keep the stretcher as near the ground as possible. Walk out of step to avoid swinging the stretcher, which jars the patient. Never run with a loaded stretcher. Have the stretcher kept as nearly level as possible. In ascending or descending a hill or incline, the front bearer (if descending) or the rear bearer (if ascending) should raise his end sufficiently to keep the stretcher on a level.

The head of the stretcher should never be lower than the feet except in a fracture of the leg. In lifting the loaded stretcher from the ground, raise the head end slightly in advance of the foot. A stretcher should be carried upstairs head first.

The Cost of Living and High Living: Not long ago a dinner was given at Immanuel Baptist church, Chicago at 15c per plate, with the following menu: Beef bouillon, roast lamb with gravy, browned potatoes, mashed rutabagas, baked apple, bread, oleomargarine, coffee.

An equivalent menu at the Hotel LaSalle calls for the laying down of \$2.00.

The assistant chef of the LaSalle partook of the 15c meal and enjoyed it. In comparing the two meals as served he had this to say: For a laboring man a double portion of the church meal would be necessary, bringing its cost to thirty cents. In addition the most of the \$2.00 eventually goes to pay for the surroundings the service and one's exalted tastes. The actual food value of the two meals being the same.

This is but another example of what some one said when he made the statement that it was not the high cost of living that was bothering us, but rather the cost of high living.

## OLD DOCUMENTS.

Joe Green had at the Journal office Saturday two ancient documents. One was a lease dated July 29, 1877 and was on parchment which must have taken almost half a sheepskin. The remuneration was in English money and the whole affair as quaint and curious. The other was a copy of the Chester County Gazette of Jan. 4, 1800, and was like the other, old and peculiar. Among other ads was that of a fine negro wench for sale.

## HOUSE BURNED.

A landmark in the Cracker's Bend neighborhood went up in smoke Friday night about 1:30. It was the old unoccupied house of Uncle Wiley Smith and was a two story affair and stood by itself not far from the road. There are hints of incendiarism, for no one lived in it at the time and the fire must have originated from some one who had no business there. There are suspicions, but no facts as to the origin.

#### DEATHS AND FUNERALS

**Miller.**  
Don Carlos Miller of Adams county died Friday night at the Jacksonville State hospital, from tuberculosis, at the age of 51 years. Interment was made Saturday morning in Diamond Grove cemetery.

**Floberg.**  
The funeral services of Miss Mary Floberg were conducted at 3 o'clock Saturday afternoon from the residence of her brother, John Floberg, 799 East College avenue, in charge of Rev. Clyde Darsie, pastor of the Central Christian church.

The beautiful flowers were in charge of Mrs. John Floberg, Jr., and Miss Alice Deere. Music was furnished by a quartet composed of Mrs. James Campbell, Miss Cora Graham, Rev. Clyde Darsie and Arthur G. Cody.

Interment was made in Jacksonville cemetery and the bearers were Messrs. S. P. Angelo, Charles Carter,

James Watt, S. N. Carlson, S. Swanson and Charles Peterson.

#### Schragg.

Mrs. Anna Margaret Schragg died at 7:40 o'clock Saturday night at the home of Mr. and Mrs. John Minter, 423 South East street, at the age of 96 years. She had made her home with her daughter, Mrs. Minter for the past four years. Owing to her advanced age, Mrs. Schragg had been in failing health for some time, although she was able to be up and around the house until Friday.

Anna Margaret Vosse was born in Germany May 3, 1816 and when young came with her parents to America. In 1840 she was married to Peter Schragg, who preceded her in death many years ago. To this union were born nine children, four of whom survive—Mrs. John Minter of Jacksonville, Jacob Schragg of Trenton, Daniel Schragg of Litchfield and George Schragg of New Baden. Immediately after her marriage, Mrs. Schragg, for a time resided in St. Clair county, later moving to Trenton in Clinton county. There she made her home until four years ago, when she came to live with her daughter in this city.

The deceased was a woman of firm Christian belief and practice and was a faithful member of the Methodist church. It can truly be said that a rich reward awaits her in the great hereafter. It is indeed remarkable that with almost four score years upon her Mrs. Schragg had not a silver lock, her hair through all the years retaining its usual growth and lustre.

Beside the four children mentioned above, Mrs. Schragg is survived by 26 grandchildren, three of whom are David Claus, Jacob F. Claus and Walter Schragg of this city; by 24 great grand children and one great great grandchild. She leaves no brothers and sisters, being the last one of her family to pass away.

Funeral services will be held at 9 o'clock Monday morning from the residence, 423 South East street, and the remains will be taken to Trenton for burial beside those of her husband.

#### Evans.

William Evans died Friday night at his home in White Hall at the age of 73 years. He was son of Gabriel Evans, one of the early settlers and well known residents of Morgan county. For the past thirty years he has resided in Greene county. He is survived by his wife and four children, also by one brother, residing at Waverly.

The funeral will be held at 2 o'clock this afternoon from the Baptist church in White Hall.

#### "JOHN CHINAMAN AND HIS CHARACTERISTICS."

Subject of lecture announced to be given by Rev. Don Nichols, Thursday evening, May 9, 8 o'clock, at Grace M. E. church. Dr. Nichols spent several years in China and is an entertainer of much ability. His lecture worth while. The admission will be 25c, children under 16, 15c.

The new white goods—Flaxons, Lykellins, Marquettes and Volles, embroidered flouncings and allover in handsome patterns; Macfene and Ratine laces and bands—ready now for making the summer dresses.

#### MISS LAURA L. GUNN TO WED IN AUGUST

Announcement Is Made of Her Engagement to Prof. Wheeler P. Davey of Cornell University at Delightful Party.

The approaching marriage of Miss Laura L. Gunn of this city to Prof. Wheeler P. Davey of Ithaca, N. Y., was announced Saturday evening at a 6 o'clock dinner given by Mrs. Nellie Gunn, mother of the bride-to-be, at her home, west of the city. The wedding will take place in August. This announcement will come as a pleasant surprise to the many friends of Miss Gunn. Prof. Davey is an instructor in the physics department of Cornell university. He belongs to the Acadia fraternity and is held in high regard not only on account of his scholarly attainments, but by reason of his many qualities. He made the acquaintance of Miss Gunn while both were pursuing a summer course in the Chicago university. The bride-to-be the past winter has been a teacher in the science department of the Winchester high school. She graduated from Illinois college in the class of 1908, being honored as salutatorian, and since that time has been engaged in high school teaching. She is the eldest daughter of Mrs. Nellie Gunn and is a young lady of attractive personality and genuine worth.

The guests at the dinner last evening were members of the Sunday school class of Westminster church, of which Mrs. Gunn is the teacher, with a few specially invited friends. The dinner was served in four courses. Immediately after the guests were seated about the table, Miss Alia Irwin of Normal, Ill., recited a poem, "A Little Bird Tells." At each plate was a place card in the form of a small envelope addressed to the guests. Each envelope when opened revealed a hand painting of a bird carrying two separate hearts, upon which were the initials "L. L. G." and "W. P. D." This aroused great curiosity and soon the secret was learned, Miss Gunn receiving the hearty congratulations of her friends.

A fortune telling game was one of the features of the evening's entertainment and afforded a great deal of amusement. What the young people wished to know concerning their future they wrote on a sheet of paper. A wet sponge was then passed over the paper and the answer to the question appeared.

The remainder of the evening was given over to the regular program of the class, consisting of the following numbers:

Class History—Miss Florence Spruitt.  
Class Utopia—Miss Eleanor Ironmonger.  
Recitation—Miss Gladys Shumaker.

Violin solo—Miss Natalia Jensen.  
Vocal solo—Miss Winifred Hubble.  
For the occasion the Gunn home was attractively decorated, lilacs being used in great profusion in the library, while in the parlor pink flowers were colored used in the decorations of the dining room.

Among those present from out of the city were Mrs. Carl A. Kirby of Petersburg, and Miss Georgia Irwin of Normal.

#### SOCIAL EVENTS.

Mrs. James Strawn, Mrs. Edward Tindall and Mrs. William Arnold were hostesses at a delightful afternoon party Saturday at the home of Mrs. Strawn on South East street. In honor of Miss Laura Luken. There were about forty guests, the most of whom were members of the Woman's Country club at Orleans. For this function the Strawn home was made unusually attractive by the use of spring flowers, the decorations being in pink and white. The same color blending was carried out in the refreshments, which were of an elegant nature. The ice cream was served in molds of hearts, double hearts, wedding bells, slippers and cupid, and on the cakes appeared the initials "L. L." and "H. L." Coffee, bon-bons and mints completed the serving, the mints being pink and white hearts.

A pleasing part of the afternoon's entertainment was a "cake romance," which involved filling in the names of cakes where blanks appeared in the story. Other features contributed to the afternoon's pleasure and the party was considered one of the most delightful of the many antipathetic functions given for Miss Luken.

Among those attending the party from a distance was Mrs. Louis Frier of Louisiana, Mo.

Misses Hazel Strawn, Robertine Angelo and Ruth Dunlap will entertain Tuesday afternoon at the home of Miss Strawn on South East street in honor of Miss Lena Goebel.

## CHILD WELFARE WILL BE THEME

Annual Conference in Chicago Next Week—Jacksonville Parent-Teachers Association Will Be Represented.

The annual Child's Welfare convention of the Illinois Congress of Mothers and the Parent-Teachers association will begin its three days session at the Hotel Sherman in Chicago on Wednesday May 8th, and will continue through Thursday and Friday May 9th and 10th. Mrs. E. P. Cleary, Mrs. A. L. Adams and no doubt other members of the local Parent-Teachers association will attend from this city and will present claims for holding the next annual convention in Jacksonville. This city is entitled to a representation of ten delegates and it is the intention of those who go from this city to familiarize themselves with the working of the association to the fullest extent.

**The Opening Session.**  
The board meeting will convene in the Louis XVI room at the Hotel Sherman, at which reports of the officers and chairman of committees will be made. The presentation of state work by chairmen of state committees, by Judge Charles Goodnow.

Luncheon will be served at Mandel's tea room.

Wednesday afternoon will be given over to seeing Chicago, and in the evening there will be an acquaintance gathering in the Crystal room at the Sherman. Later in the evening the formal opening program will be given in the Louis XVI room. Addresses of welcome will be made by Gov. Charles Deneen, Mayor Carter Harrison and State Superintendent of Public Instruction.

The response will be made by Mrs. L. K. Gilson, president of the Illinois Congress of Mothers.

**The Second Day.**  
Thursday morning there will be reports from committee and from delegates from affiliated clubs, including the Mother's Club of the city.

In the afternoon reports will be made on child labor, legislation, literature and congress extension.

In the evening the child welfare banquet will be held with Mrs. Charles W. Blodgett as toastmistress, and addresses will be delivered by prominent educators and philanthropists.

**The Third Day.**

On Friday forenoon there will be a continuation of reports of fellow clubs and committees. There will be an address on the subject, "Personality and Performance," by Dean L. G. Monan of Armour Institute. The election of officers for the coming year will close the business of the convention.

**AT CENTENARY.**

## WOMAN'S COLLEGE NOTES

Miss Martha Weaver was judge in the Declamatory Contest in Springfield Friday morning, held under the auspices of the Corn Belt Association.

Among the visitors at the College the past week were Mr. and Mrs. W. G. Cathcart and nephew of Sidell, and Mrs. Emma Scence also of Sidell. Mr. and Mrs. J. S. Walker, and daughter of Joplin, Missouri, were visitors at the college to attend the senior recital given by Miss Myrtle Walker, who finishes the course in the College of Music this year. Mrs. Hamilton and daughter Miss Hazel of Beardstown were visitors at the College on Saturday. Frances M. Austin, Professor of Latin at the Illinois Wesleyan, Bloomington, Ill., was the guest of Miss Grace Cowgill on Friday. Mrs. Harry Freeman of Danville visited her daughter Frances for several days this week. In addition to the above a number of girls came to attend the high school meet are spending Sunday with friends at the college.

Mrs. Joseph R. Harker and Miss Winnie Wackerle attended a reunion of the alumnae in St. Louis Saturday. President Harker will also attend this meeting.

The recital given by Mrs. Hartman's pupils on Monday evening was a great success. They all showed most careful training and were a credit to Mrs. Hartman's ability as a teacher.

Miss Myrtle Walker gave her graduation recital in piano Thursday afternoon at 4:15. There was a quite large attendance and her work was greatly enjoyed. Mrs. Loren Cannon assisted very ably in the recital.

On Friday afternoon Miss Mary Ebert gave a recital in expression, reading Schrab and Rustum and at the close of the reading gave a most brilliant number on the piano.

The library was in receipt of a very valuable book called "The Lawyers of the Bible". It was written by Judge Ethelbert Callahan of Robinson, Ill., and will be quite an addition to the volumes already in the library.

The Philo No play, Hazel Kirk will be given next Monday night at eight o'clock in Music Hall, admission thirty-five cents. The members of the cast have been working for several months preparing for this play, and will be up to the usual Philo No Standard, which is well known. The receipts will be applied on their building fund.

The final touches are being put on the different drills and marches for the May Day exercises to be held on the 14th. The plan is to begin the program at 6:15, and it will last an hour. Ample accommodations will be provided for those coming to the entertainment. The program will be announced a little later.

An informal recital will be given by the School of Expression, Friday

May 10th at 4:15. Jeannette Powell

will read "The Dawn of a Tomorrow," by Frances Hodgson Burnett.

The music for the high school

meet was furnished by William P.

Phillips and Director M. L. Swarthout. Mr. Phillips gave two songs, (a) "Mother O'Mine (Tours) (b) "Song of Thanksgiving". The violin numbers by Mr. Swarthout were: (a) Obertassa Mazurka (Wienlawski) (b) Serenata (Moszkowski) (c) Polish Dance (Bartok) (d) Drakie. Misses Jessie Mercer, Freda Fen-ton and Olive Mott went to Rood-house Friday afternoon to act as judges of both instrumental and vocal music in a high school meet.

**NOTICE TO THE PUBLIC.**  
On after May 1st, 1912, all union barber shops of this city will observe the following hours for closing their shops:

Monday, Tuesday and Thursday at 6 p. m.  
Wednesday and Friday at 8 p. m.  
Saturday at 11 p. m.  
No Sunday work.

## SATURDAY VISITORS.

Among the visitors in the city Saturday were:

## MAPLE GROVE SCHOOL CLOSURE.

The term of Maple Grove school in South Jacksonville closed Friday. The teachers, J. H. Reid and Miss Reortine Angelo, together with the pupils, had invited the parents as guests of honor to the annual last day picnic dinner. Quite a number accepted and were seated on the green grass under the fine large trees of the grounds. A substantial lunch was served, followed by bananas, oranges, cake and ice cream.

While at dinner Mr. Reid was presented with a fine fountain pen by the pupils of his room.  
Mr. Reid will be retained and Miss Angelo was offered an increase but declined. It is understood Miss Bethel Sooy has been engaged for the primary room. Miss Sooy has just finished three years work in the primary grade in Murrayville and is well known in this city.

## ANNUAL CONCERT AT BLIND.

The music department of the School for the Blind will give its annual concert Thursday evening, May 9, at 8 o'clock, at the chapel of the institution. The public is cordially invited.

## CONSERVATORY NOTES.

The Faculty Recital will be given at Northminster Church on Friday evening, May 10th. The conservatory Trio will play the great minor Trio of Tchaikowski, Miss Oldfield and Mr. Munger will give solos, and Miss Oldfield and Mrs. Meredith will sing a group of duets. The public are cordially invited to attend.

On Tuesday evening, May 7th, the second graduation recital takes place in Academy Hall. Miss Mae Alma-worth, Mrs. H. D. Crum and Miss Alma Forsythe will receive Teachers' Certificates and will be assisted by Miss Carrie Dunlap in the program. The numbers are as follows:

The Concert of the Illinois College Chorus and The Conservatory Orchestra will be given in Westminster Church on Tuesday evening, May 14th. The Chorus will be assisted by Miss Mabel Matthews, soprano and Mrs. Fred W. Frank, baritone. Tickets will be on sale at Brown's Music Store on and after Thursday, May 9th.

Mrs. Mary Meredith of Xenia, O. is visiting with her brother, Mrs. Munger.

The graduation recital of Misses Nathalia Jensen and Helen Phelps was most successful and attended by a well pleased audience.

Mrs. Meredith will sing a solo at the vesper service in State St. church to day.

Mr. Virgo Jensen played a "cello solo, Andante Religioso by Hoffmann at the High School declamatory contest on Friday May 3rd at the Oper House.

## ENTERTAINED SUNBEAMS.

The members of Sunbeam class of the First Baptist church Sunday school were entertained Saturday afternoon at the home of one of the members, Miss Helen Stranberg, on Howe street. There was present Mrs. H. A. Brewer, Misses, Lucile Henley, Daisy Boyd, Ruth Campbell, Bessie German, Jean Coulter and Helen Strandberg, the hostess. A literary program was rendered, after which a photograph was taken of those present. Refreshments were served and heartily enjoyed.

## TORONTO WOMAN.

**Weakened by Two Operations Recover Strength With Vinol.**

Here is another case where the return of health is due to Vinol, which has done so much good in restoring strength to people who have been weakened by the shock and loss of blood in surgical operations—and those who are weak from any cause. Mr. W. Smith of Toronto, Canada, says: "My wife having been in two hospitals and undergoing two operations in twelve months, I was recently persuaded by a neighbor to give her Vinol. I am more than thankful to say she obtained immediate relief in general, as previous to using Vinol she could not sleep at night or create an appetite in any possible manner, being continually in great pain."

If you are weak and rundown, have no appetite and cannot sleep, Vinol is just what you need and we guarantee it to do all we claim. You get your money back if it does not. Lee P. Allcott, Jacksonville, Ill.

**To Have Beautiful Hair.**  
One must use Judgment in shampooing. Mrs. Mason, hair specialist to the Duchess of Marlborough, used her Old English Shampoo Cream which is now famous in Europe and America. It surely makes hair beautiful. Lee P. Allcott, Jacksonville, Ill., and other druggists, 25c.

## LECTURE ON ALASKA AT PUBLIC LIBRARY.

Dr. Arthur Black of Chicago, a prominent graduate of Illinois colleges, will give an illustrated lecture at the public library on the evening of Friday, May 17. Dr. Black's talk will be of unusual interest as he has made a rather extended trip into Alaska and brings first hand information about a territory which has been much talked of and written during the past year. Everyone is cordially invited to hear this lecture and many people who know Dr. Black will welcome the opportunity of getting his point of view in regard to the country which has recently played so prominent a part in American politics and finance. Dr. Black is president of the Illinois Dental society and is connected with the Dental School of Northwestern university.

**The KING  
of BLOOD  
PURIFIERS**

As the Lion is Monarch  
of the Forest, so S. S. S. is  
King of Blood Purifiers and  
Master over all Blood diseases.  
Pure, rich blood and a free  
circulation is the surest pre-  
vention against the diseases  
and disorders which are con-  
stantly attacking our physical  
systems. Healthy blood stimulates the excretory members and  
enables them to filter out of the system everything that is not nec-  
essary or beneficial to the growth and development of the body. Thus  
we are apt to remain healthy unless there is a weakening of the  
vital fluid or an impure infection of the circulation.  
Imperfect blood takes various forms in its outward manifestation.  
A weak, watery circulation denotes anaemia with its attendant evils  
of pale, waxy complexions, malarial conditions, or perhaps some more  
definitely marked disorder is shown. Frequently the blood becomes  
infected with acid humors, and Eczema, Tetter, Acne, or some other  
skin affection makes its appearance, while an excess of uric acid in  
the circulation produces Rheumatism with its pains and aches.  
Old Sores and Ulcers are likewise dependent on bad blood, these  
places being kept open and in a state of irritation by the drainage of  
pollution which disordered blood constantly discharges into them.  
Another common indication of weak, impure blood is the loss of  
appetite, tired, worn out feeling and a general run-down condition of  
the system. This is an ailment very prevalent in the Spring and most  
persons so afflicted realize the necessity of overcoming the trouble by  
the use of a tonic.  
We recommend to all in need of a blood purifier or tonic, the  
use of S. S. S., a medicine which has proven itself the greatest of all  
blood purifiers. It goes down into the circulation and removes all im-  
purities, humors and poisons and makes the blood pure and health-  
sustaining. It purifies and strengthens weak deteriorated blood,  
supplies it with the healthful properties it needs and lays the founda-  
tion for good health. As a tonic  
S. S. S. has no equal and those who  
are beginning to feel the need of  
such a medicine to fortify them-  
selves against the unpleasant con-  
ditions which come with Spring  
and early Summer, should commence its use at once. S. S. S. the  
King of Blood Purifiers, is a genuine blood cleanser, made entirely  
from roots, herbs and barks; it does not contain a particle of mineral  
in any form. You could not do better than begin the use of S. S. S.  
if from any cause your blood is weak or impure. S. S. S. cures all  
troubles due to a deranged circulation, and you will find it the most  
satisfactory tonic you ever used. Write for book on the blood and  
any medical advice. No charge for either.

## POINTERS FOR POULTRY RAISERS.

**The Souse.** About the first thought the poultryman has when warm weather comes around, is to look for lice. Now lice are ever present where cleanliness is neglected, but the hot days is the time they form into a grand army and make their most serious attack.

The house is a night hawk. It reposes in some crack or crevice of the house during the day, and sucks the blood of the fowls at night. This fact makes it easier for the poultryman to wage a successful war.

All sorts of remedies are offered: Whitewash, to which is added an ounce of carbolic acid to pailful, hot salt water, kerosene (the last two can be used in a spray pump) and soap water left over after the week's washing.

The main point in fighting off lice is to keep the houses clean. All droppings should be removed at least once a week, twice a week would be better, and every morning would best of all. Use tobacco stems for nesting material, for both laying and sitting hens. These stems can be purchased by the bale at any poultry supply or seed house.

They are used by pigeon men for making nests. Use plenty of kerosene over the roosts and in the corners of the nest boxes. This should be done at least once a month, and twice a year the interior of the house should be whitewashed using carbolic acid in mixture, as noted.

Examine the sleepy chicks for lice. It is an advantage to raise turkeys, not only for swelling your bank account but also for the deadly insects they destroy.

There is not much profit in raising turkeys around the house. They need plenty of green stuff.

It is all wrong to feed young ducks too concentrated a ration. They need plenty of green stuff.

Young poultry delight in sunshine but the late hatched chicks and turkeys must have protection from the intense heat in summer.

The working hours of the poultryman can not be fixed. The work calls for early and late activity.

A wit that the man who expects to go to heaven on the chickens he fed to the preacher is taking awful chances.

The successful poultryman has a regular method of doing his work. Following a system is the only way of properly conducting a large poultry farm.

Can't expect to succeed with broody hens, incubators and little chicks, these days, unless we stay close at home to meet all emergencies.

When you shut the peepers up at night, do notice the floors of the brood coops. Put a dry bedding if needed. Chick's won't thrive on damp filthy floors.

"Not how much but how well," is a good chicken motto. Better hate and raise a small number of fine chicks than to a hatch and lose a big bunch for want of room or care.

In your spring campaign do not forget the importance of keeping down lice. These pests will produce all the symptoms of disease in a flock of fowls young or old.

Feed a very little soft feed and you will raise more chicks. If you must feed soft stuff don't throw it on the ground. Feed it in a small trough or on a clean board.

Look after the broody "biddy" that is patiently taking care of her eggs. Frequently scatter good insect powder around in the nest and rub some of the powder through her feathers.

Hens feel the warm weather as much as other folks. Give them a shady place to sit down once in a while and rest. They will do all the better for it.

Look the chicks over once in a while for lice. If you find any just take clear lard and rub some well into the feathers on their throats and on top of their heads, and don't forget to put some under their wings.

Have you ever seen a picture of a poultry house? My stars, what awful looking things they are! No wonder the chicks keel over and die when they have to endure such terrible enemies as these. Let's fight for our birds against these fearful things!

Keep right at it till the last one is gone. The birds will grow and that means something for you and me.

Rush the boilers along. The quicker you can get them on the market the better for you.

Some folks think that hens do not need oyster shells "when they can run out. Just try giving them some and see how that is. You will be wiser after that.

## WHEN TO DRAG ROADS

There seems to be some difference of opinion as to when to drag dirt roads so as to secure the best results.

A. N. Johnson of Springfield, the State Engineer of highways, who is an authority and expert on road construction and maintenance, gives the following.

1. Unless the road is in the right condition the work of dragging will be largely wasted. One thing is insisted upon is that the work is done at the right moment. The right time is when the road is wet. The muddier the better the results.

2. In the summer time and early in the fall dragging should be done when it is actually raining, for unless the rain is exceptionally heavy and long continued, the water will penetrate the dry road so fast that the surface will be comparatively dry when the drag is used after the rain has stopped, when the results that the road surface will work up to crumbs. When this happens it is a sign that the road is too dry.

The nearer it is possible to spread the mud over the road as a mortar, much the same way as a mason works mortar with a trowel, the greater the improvement produced.

3. Under no condition should a road be dragged when it is dry as this merely crumbles up the surface and makes a layer of loose material which quickly becomes dust and is again turned into mud which will hold water on the surface of the road; and this is exactly the condition which is to be prevented. Drag the road when good and muddy.

4. Don't drag when it is dry, drag whenever possible at all seasons of the year.

5. Begin at the side of the road returning on the opposite side.

6. Always drag a little earth towards the center of the roadway, until it is raised ten or twelve inches above the side of the roadway.

7. Do not attempt to move very much material at one time with a drag.

8. If the drag cuts in too much, shorten the hitch.

9. When the road is first dragged after a very muddy spell vehicles should drive if possible to one side of the road until it has had a chance to freeze or partially dry out.

The above is taken from a bulletin entitled "Road Drag Laid and Rules for Dragging," put out by the Illinois State Highway Commission. This bulletin has some excellent suggestions that would be helpful to anyone who has to do with road working and may be obtained free by writing A. N. Nelson, State Engineer of Highways, Springfield.

## Strength and Endurance

Inter-state Motor Cars are well termed "bull dogs" for strength and endurance. They represent the best ideas in auto building which years of experience have developed. Users of Inter-state cars can testify that speed and service are both in these cars, which after years of usage have become famous as "no trouble" cars.

When you start out with an Inter-state you know you are "coming back" and it's a nice safe feeling to have. We will be glad to demonstrate the good points of "The Inter-state."
